

Adobe Creative Cloud

Student download guide

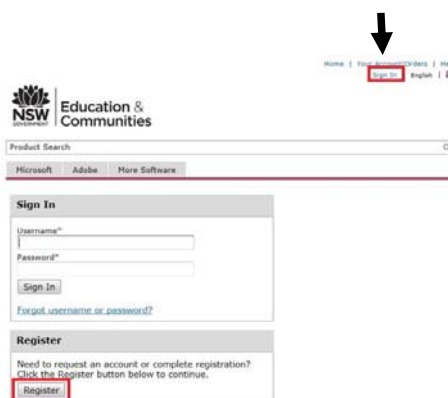

IMPORTANT: This process may not work properly through the DoE proxy settings at school so make sure you download, install and activate the software at home.

Students can download and use the Adobe Creative Cloud for free on one personally owned device. This step-by-step guide outlines the process for downloading the Adobe CC software.

1. Login to the student portal using your DoE Username and password
2. Within the Learning portlet, click on **Adobe DoE Download Software**. You will then be directed to the OnTheHub website

3. Click on the **Sign in** link and enter your School/DoE Username (firstname.lastname@education.nsw.gov.au) and password

Then click on the **Register** button

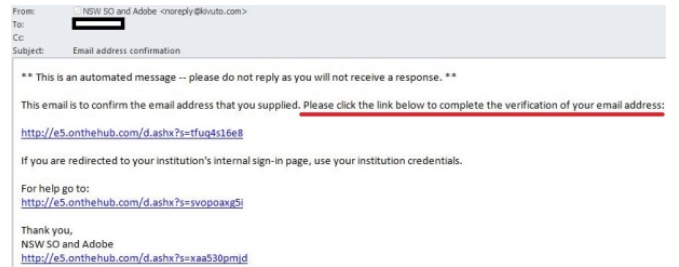

- 4. Enter your DoE/School email address (firstname.lastname@education.nsw.gov.au) and click **Continue**

- 5. A confirmation email will be sent you your DoE/School email account.

Open your School email and find the confirmation email, then click on the confirmation URL to validate your email address.

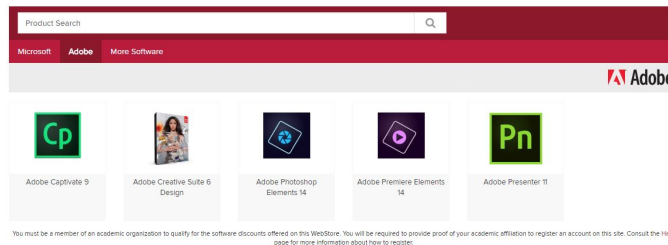

- 6. Your DoE/School Username and email address will automatically be populated in the Account Registration page. Complete the form by filling in the compulsory fields, identified by an asterisk (*) and click **Register**.

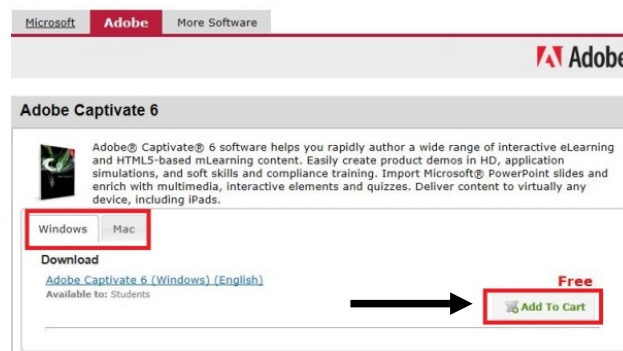

- 7. A login will be created. You can now order software by clicking on **Download Software**

8. Click on the **Adobe** tab and select the software you wish to download from the currently available selection (this changes as new software is released)

9. Select the **Windows** or **Mac** version and then click on **Add to Cart**

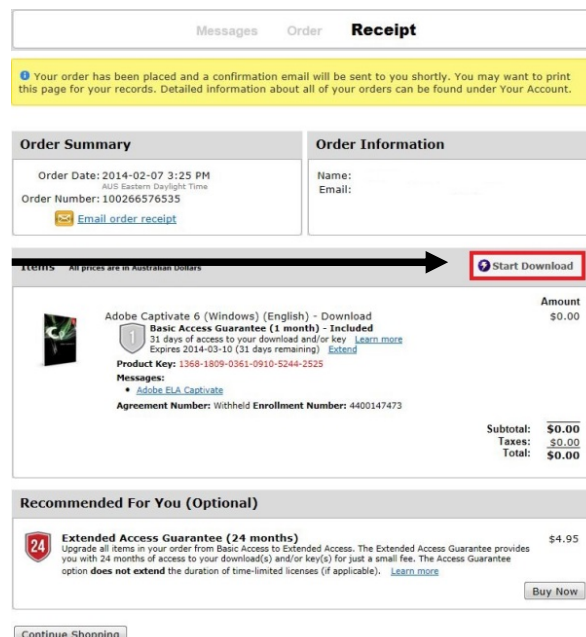

10. Click on **Check Out** or **Continue Shopping**

11. The next page will show the expiry date of the software that is being downloaded. Click **Continue**

12. Check your order details and click on **Proceed With Order**

13. Click **Start Download**

Select Language: English (Australia)

Get Your Software in 4 Easy Steps

1. **Download the Secure Download Manager (SDM) installation file**

If you have completed this step previously, go to step 2.

[Download SDM](#)
2. Locate the file from step 1 and run it to **install the SDM**
3. **Download the .SDX file for your order**

[Download .SDX](#)
4. When the SDM launches, **start downloading your software.**

If the SDM application does not launch automatically, locate the file from step 3 and open it to download your software.

14. Click **Download SDM** and **Save**

Do you want to run or save **SDM_EN.msi** (757 KB) from **nsw-students.onthehub.com**?

15. When the software download is complete click on **Run**

The SDM_EN.msi download has completed.

16. The Secure Download Manager Wizard will pop up. Click on **Next**

Secure Download Manager

Welcome to the Secure Download Manager Setup Wizard

This wizard will guide you through the steps required to install the Secure Download Manager on this computer.

When the SDM has been installed, you will be able to download your software.

The SDM provides for secure, effective and efficient downloads, especially for files that are too large for some browsers to download. You receive the software that you ordered, safely and completely.

17. You will now see the license agreement. Click on **Agree** and then click **Next**

Secure Download Manager

License Agreement

Please take a moment to read the license agreement now. If you accept the terms below, click "I Agree", then "Next". Otherwise click "Cancel".

1. Download the Secure Download Manager (SDM) installation file
If you have completed this step previously, go to step 2.
[Download SDM](#)
2. Locate the file from step 1 and run it to install the SDM
3. Download the .SDX file for your order
[Download .SDX](#)
4. When the SDM launches, start downloading your software.
If the SDM application does not launch automatically, locate the file from step 3 and open it to download your software.

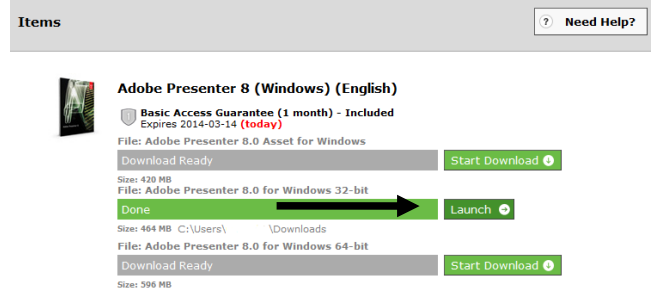

22. Select the software you wish to download to your device. The download of files will then begin.

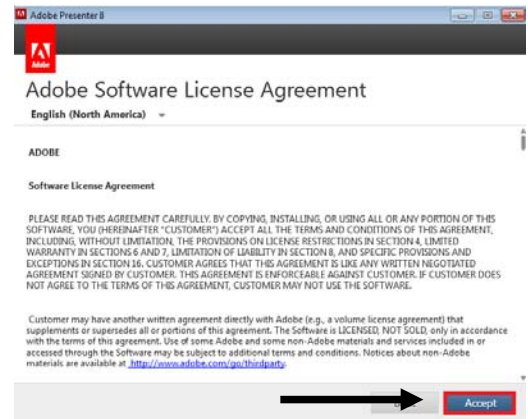

23. When the files are downloaded, select **Launch**. Adobe software file extraction and installation will begin.

24. Select Install with a serial number

25. Click Accept on the license agreement

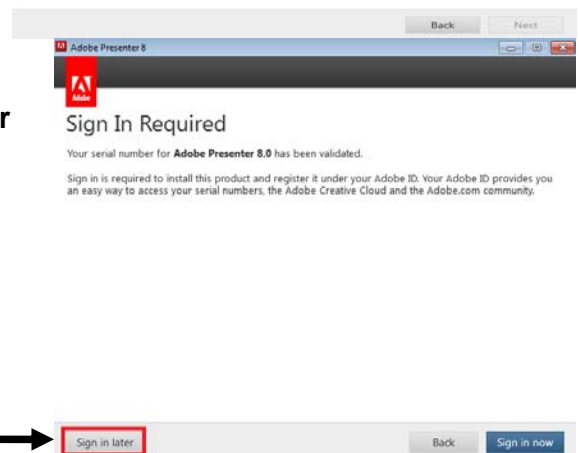

26. The Serial Number is the **Product Key** shown in your order and is required for installation

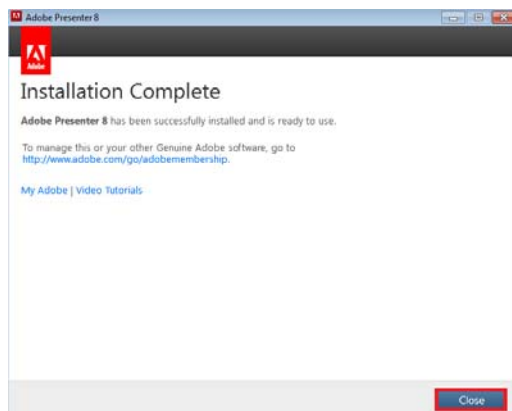

27. Enter the Product Key provided into the serial key section. Click **Next**

28. The serial number will be validated. You are now ready to launch the software. Click on **Sign in Later** and then select **Install**.

29. When the installation process is finalised you will see this screen. Select **Close**.

Congratulations you are now ready to use your software.
